

ascellon®

THE SURE MEASURE OF EXCELLENCE

COMPANY OVERVIEW

Founded in 1996, Ascellon Corporation specializes in program management, studies, evaluations and IT software and systems that enable Government customers to achieve excellence in performance, compliance and accountability. From healthcare and Medicare or Medicaid issues, to grants management, to medical records review and analysis, to healthcare IT and data analysis, Ascellon has the expertise and experience to work effectively with our customers to accomplish their missions. Ascellon is able to fast-track projects, reduce risk and apply best practices so customers can see excellent results, faster. In addition, we apply independently validated quality management systems, CMMI Level 3 and ISO 9001:2015 to all projects assuring our customers consistent quality results, cost-efficiency and deliverables within predictable timeframes.

DIFFERENTIATORS

- Quality Management System ISO 9001:2015 Registered
- CMMI Level 3 Organization
- Expertise across private and public organizations
- Professional and Certified Staff
- Nationwide Staff Recruitment Coverage

SUCCESS STORIES

- Since 2003, Ascellon has assisted the federal government in the monitoring and oversight of healthcare facilities nationwide by providing **program management; survey design and implementation; data collection and analysis;** and detailed reporting. Ascellon has completed over 5,500 site visits to conduct evaluation and compliance surveys at healthcare facilities. Ascellon evaluates healthcare facilities' quality of care for both the Centers for Medicare and Medicaid Services (CMS), State Departments of Health and the Department of Veteran Affairs (VA).
- Ascellon conducts independent **medical record reviews** for the Centers for Medicare and Medicaid Services (CMS) in accordance with coding guidelines as well as Medicare and Medicaid rules and regulations. Findings are submitted to CMS for use in determining appropriate payments and calculating **payment error rates.**
- For over 22 years, Ascellon has provided **design; development; administration;** and troubleshooting on web-based and cloud software applications across multiple computing platforms that support the missions of our customers.
